# BUILD YOUR PLANT WITH BE&C

- BE&C provides well proven solutions to build modern Pesticides and Insecticides plants. One of our most important design principles is to provide our client with highly automatic Pesticides and Insecticides plant. No extra operation staff needed except necessary engineer in the central control room.
- Flexible production
- Premium grade product
- Smart plant
- Superior plant
- Superior equipment
- Environment friendly

BE&C provides complete package of basic engineering, front end engineering design as well as detail engineering for Pesticides and Insecticides products. BE&C integrates its experienced engineers team, strict engineering management system and advance engineering tools to provide modern and efficient engineering solutions to our global customers

If you prefer to have a well designed Pesticides and Insecticides plant with state of art equipment workmanship then to get a competitive offer from **BE&C may be a nice decision**
